The Green Odyssey

Philip Jose FARMER (1918 - 2009)

A rip-roaring, pulpy and quirky space odyssey for your listening pleasure. Follow earth man Allen Green as his space ship fails and leaves him on a barbaric planet filled with other human descendants who have reverted to pre-technology existence. Naturally he is made a slave and must connive, plan, love and fight his way across 10,000 miles of danger to freedom. Full of strange beings, this planet highlights the amazing imagination of Philip Jose Farmer and his ability to make it scary and fun at the same time. Oh, and he has a wife who is his match in everything and even better in some so that is neat too. Amra will take second place to no one and adds another layer of tastiness to this great pulp novel.
